Subsidies—Elementary schools—Transfer of provision from one centre to another —Instructions issued to local bodies.

Order—No. 62. Education. dated 15th January 1932.

Since 1924–25 the Government have sanctioned subsidies to local bodies to enable them to open elementary schools in schoolless centres. Cases have recently come to the notice of Government, in which local bodies closed the schools in the centres originally approved and utilized the provincial subsidies for opening schools in other centres.

Local bodies are informed that in future any local body desiring to utilize a provincial subsidy for the opening of a school in a centre other than that originally approved or to divert the amount in any other manner should invariably obtain the previous sanction of Government.
